TO VOLUME 72 OF THE AMERICAN JOURNAL OF PHARMACY.[1]

SUBJECTS.

Abbreviations, English 140
Acacia, an examination of (Shoults) 253, 267
Acetone, testing of 434
Acid, acetic, as a substitute for ethyl alcohol in the extraction of drugs (Squibb) 1, 311
boric, injurious effects of, as a preservative viii
carbolic, household, for dispensing 302
increased use of, for explosives vii
on alcohol as an antidote for 302
embellic, properties of 590
hydrocyanic, in capital punishment 90
malic, and malates, interference of, in estimation of tannin by hide-powder process 339
salicylic, determination of, in presence of citric acid 552
selenous, as a test for the opium alkaloids 498
uric, detection of, in urine 365
Acids, fatty, a talk on the manufacture of, by Robert N. Riddle 310
Aconite and belladonna, oxidizing ferments of 77
Adlumia cirrhosa, a new protopine-bearing plant 302
Agave Mexicana, medicinal uses of 332
Agaves, cultivation and economics of (Lewton) 253, 327
Aguamiel, medicinal uses of 332
Air, artificial xii
Alcohol, ethyl, effect of, upon the growth of seedlings 475
vs. food in nutrition 598
Algæ as a cause of the contamination of drinking water (Moore) 25
Alkaline earths, indirect estimation of 345
Alkaloidal assay, periodide separation in 344
assay work, Rusting's tragacanth scheme for (Nagelvoort) 270
reagent, new 498
Alkaloids, alkylthiosulphonic salts of 592
history of the constitution of (Dohme) 9, 47
mydriatic, the, microscopical identification of 76
solanaceous, researches on 99
Alnus serrulata and Alnus rubra, tannin of 430
Aloes, original package of 609
socotrine, purity of samples of 189
Aloin, inferiority of sample of 378
American Conference of Pharmaceutical Faculties 309
American Pharmaceutical Association, announcement of Committee on Weights and Measures 153
announcement of time and place of meeting 215
needs of 438
prizes awarded by 297, 307
proceedings of the annual meeting of 291
queries submitted by section on education and legislation 152

American Pharmaceutical Association, queries submitted by scientific section . . . 102
resolution of, in regard to advertising . . . i
Ammonium acetate as an antidote for formol . . . 493
nitrate, specimen of . . . 609
Anabsinthin, properties of . . . 79
Animals, lower, experiments on . . . 145
Anise. star, detection of shikimi fruit in . . . 75
Annatto, the dyestuff of . . . 593
Antitoxin, diphtheria, on the pharmacopœial recognition of . . . 303
Antitoxins, chemical nature of . . . 105
Arny, H. V. Personal . . . xii
Arrowroots, commercial, quality of . . . 106
Arsenic, reported production of, from phosphorus (Sadtler) . . . 343
Asafetida, analysis of . . . 229
commercial, purity of . . . 97
in the United States . . . 143
preparata . . . 445
Asbestos, samples of articles manufactured from . . . 561
Ash in drugs . . . 448
Aspidium spinulosum as an anthelmintic . . . 106
Assay of drugs and galenicals, application of the modified alkalimetric method to . . . 297
Assay of drugs by the use of living plants (Kraemer) . . . 472
Astragulose, isolation and properties of . . . 321
Astragulus caryocarpus, a chemical study of (Frankforter) . . . 320
Atropa belladonna, or Scopola carniolica . . . 301

Bacteria, classification of, with fungi . . . 499
Bacteriology, pharmaceutical . . . 300
Barium dioxide, examination of samples . . . 379
Baryta, manufacture of . . . 134
Becchi reaction for cotton-seed oil . . . 230
Beckurts, H. Personal . . . ix
Beeswax, Italian . . . 133
notes on (Arny) . . . 74, 106
Belladonna and aconite, oxidizing ferments of . . . 77
assay process for . . . 2, 4
Berberine phosphate, composition of . . . 448
Betulin, a dye-stuff from Betula alba . . . 228
Bismuth, determination of, in organic preparations . . . 535
salicylate, assay of . . . 345
basic (Kebler) . . . 66, 105
estimation of nitrate in . . . 106
salts, constitution of . . . 105
Bismutum or Bismuthum ? . . . 345
Blood, microscopic examination of . . . 172
Bocconia cordata, alkaloids of . . . 297
Boiling point of mixed liquids . . . 82
Bookkeeping for druggists . . . 388
Books, new, announcement of . . . xiv, 450, 610
botanical . . . 542
Borax, manufacture of . . . 133
Botanical names, notes on . . . 138
nomenclature . . . 542
Brinton, Daniel G., memorial address on . . . iii
British Pharmaceutical Conference, the, annual meeting of . . . 440
British Pharmacopœia, the, as a standard . . . 444
chemistry of . . . 443
Brucine sulphate, effect of, upon the growth of seedlings . . . 477
Brugniera gymnorrhiza, extract of, for dyeing purposes . . . 178

Bulletin des Sciences Pharmacologiques, collaborators of 101
Bullock, Charles, memoir of 408, 411
resolutions on the death of 202

Calcium lactophosphate, commercial 174
Calendula, distinguishing characteristics 121
Calomel, reactions of, with pilocarpine and cocaine 48
Calx chlorata, determination of chlorine in 410
Camphor tree, the, as a street tree 90
Candy for the use of soldiers vii
Capsicum, examination of samples of 189
Capsuling of liquids and solids 454
Caraway runnings, presence of methyl alcohol, furfurol and diacetyl in . 230
Carbon disulphide, examination of samples of 377
Carob seed, sugars in, during germination 229
Carpinus americana, percentage of tannin in 430
Carthamus, distinguishing characteristics 121
Castanea pumila, estimation of tannin in 429
Catalogue of scientific literature, international xi
Catechu, a substitute for 178
Cathartic, a new drastic x
Ceanothus americanus, alkaloids of 298
Celloxin, formula of 497
Cellulose, chemistry of 496
Centrifuge, water motor 561
Chamæcyparis spheroidea, percentage of tannin in 339
Chandler, Charles F. Personal . . . . . vii, lx
Chemical formula, relation of, to taste 437
Chemistry, technical, the year's advance in (Smith) 543
Cherry bark, wild, and its preparations 300
Chlorine, apparatus for estimation of 447
Chloroform, electrolytic preparation of 230
Pictet's process for the purification of 41
Choline, presence of, in Fabiana imbricata 80
Cinchona cultivation, discussion on 456
Cinnamon bark, ash of 489
false, examination of 319
Colchicine, extraction and estimation of 297
College announcements, list of 510
Color standards for the vegetable drugs of the U.S.P. 298

Deshler's salve, formula for 559
Dextrose, presence of, in gentian root 90
Digitalin, investigation of 273
Digitalis, derivatives of 179
Digitoxin, chemical behavior of 273
Diphtheria, treatment of, with antitoxin 101
Dispensaries, free, suggested remedy for the evils of 393
Doses, maximum, in various pharmacopœias 106

Drug and herb vendors on the sidewalks of Philadelphia (La Wall) . . 48, 59
journal, new iv
Drugs, adulterated, microscopical examination of 188
assay of, by the use of living plants (Kraemer) 299, 472
crude, collection of 190
Indian 450
physiological *vs.* chemical and microscopical examination of . . . 299
powdered, introduction of, into the U.S.P. 298
vegetable, commerce of 541
comparative use of active principles and preparations of 235
in the U.S.P. 236
worm-eaten, and their active principles 188
